

National Society of Black Engineers®

University of Connecticut Chapter
191 Auditorium Road U-187
Storrs, CT 06269

Hello,

I am currently serving as President for the University of Connecticut's chapter of the National Society of Black Engineers (UCONN NSBE). The mission of the National Society of Black Engineers', also known as NSBE, is to increase the number of culturally responsible Black engineers who excel academically, succeed professionally, and positively impact the community. NSBE is comprised of more than 270 chapters on college and university campuses, 75 Alumni Extension chapters nationwide and 75 Pre-College Initiative chapters, and is currently the largest student run organization in the nation.

New and innovative project ideas are generated and implemented throughout the year on the chapter, regional and national levels. At the University of Connecticut chapter, we host various activities and functions that promote and support NSBE's mission. The highlight of the academic year is the National Convention, which includes over 80 workshops, a two-day career fair comprised of over 300 companies, a graduate school fair, forums, and award ceremonies for outstanding NSBE members in all aspects of the organization.

The University of Connecticut Chapter of the National Society of Black Engineers would like you to take part of this cultivation process. We understand that as a corporate entity you are dedicated to providing services to the community. As students at an institution of higher learning, we are committed to becoming the individuals you seek to continue your legacy.

However, we are unable to accomplish this goal without your assistance. Due to limited funds, and resources we are incapable of fulfilling all of our aspirations of attending conferences as well as implementing, and continuing to execute our various chapter programs. Through your assistance you enable us to be the productive individuals that your organization seeks.

I would like to thank you on the behalf of UCONN NSBE for considering our proposal. We are looking forward to hearing from you and developing a lasting partnership. If you have any further questions regarding this proposal, please do not hesitate to contact myself or Caleb Roseme our Finance Chairperson. Thank you for your time and consideration.

Sincerely,

Melissa Jacques
